REPORT BY THE DIRECTORS OF THE BANK OF BENGAL.

THE Directors have the pleasure of laying before the Shareholders the result of the Bank's operations for the half year ending 31st December.

At the date of last Report the aggregate amount of advances to the Public stood at Rupees 1,84,70,698, and the leading rates of interest at 7 and 6 per cent respectively. As the Loans continued steadily to decline throughout July, the Directors early in the following month, reduced the rates one per cent all round, but owing to the continued dullness in trade, conjoined with an active competition by other Banking Establishments, as well as by Mercantile Houses who found it difficult to employ their Capital in the ordinary channels of business, the reduction had no marked effect in arresting the downward tendency of the advances. In the absence of a legitimate demand for accommodation the Directors deemed it expedient and more advantageous for the interests of the Bank to delay making any further reduction in the rates, until towards the end of October, when several important modifications in the classification of advances, and in the incidence of discount and loan charges were adopted. The rates were then further reduced to $3\frac{1}{2}$ and 4 per cent for loans, and to $4\frac{1}{2}$ and 5 per cent for short dated Bills. The Directors entertained the hope that the low scale of rates would stimulate the healthy action of trade which usually develops itself towards the close of the year. So great, however, was the continued prostration of business, and so sluggish the general tone of commercial enterprise, that these unusually low rates of interest had very little effect beyond putting a stop to the diminution in the amount of the advances. The slight accession of business which accrued did not compensate for the large reduction in rates.

The year closes with a cash balance of Rupees 2,21,85,058, and of advances to the Public amounting to Rupees 1,47,28,243.

The rates of interest imposed in October remain unaltered.

Although the Directors were well aware of the risk attending the investment of the Bank's unemployed funds to a large extent in Government Securities and of the difficulty of realization in a limited market like Calcutta, in the event of being obliged to meet the sudden and heavy demands which in former years were generally the characteristics of a stringent money market; still, entertaining the belief that the improved position of Indian Finance would impart stability to all descriptions of Government Loans, and in the near prospect of the contemplated arrangements between Government and the Bank being brought to a satisfactory termination, the Directors deemed it prudent to take advantage of the comparatively low prices which prevailed in the earlier months of the past half year, and gradually to increase the Bank's holding in the public debt. In this manner the amount of direct investments in Government Loans has been raised to fifty-six lacs.

Nor were the Directors disappointed in their expectations regarding the steady improvement and the growing confidence of the Public in the soundness of Government Securities. The various Stocks steadily rose in value until the 5 per cents touched par and the $5\frac{1}{2}$ per cents $6\frac{3}{4}$ premium. The intelligence received a few days ago of the threatened rupture with America has however unsettled the market and had a depressing effect on the value of Securities. The Directors are not aware of sales to any appreciable amount having since been effected by *bona fide* holders of the 5 and $5\frac{1}{2}$ per cent. They have, however, resolved to follow the course hitherto adopted by the Bank, and have valued the Bank's investments, which are almost wholly held in the $5\frac{1}{2}$ per cents, at the reduced market quotations of the day. The increased value over the average purchase price arising in this manner they have carried to the credit of the Reserved Fund and have transferred from it to the credit of Profit and Loss, a sum sufficient, with the ordinary earnings of the half-year, to enable the Directors to declare a Dividend of Rupees 9-4-0 per cent per annum, free of Income Tax.

For full particulars connected with the Receipts and Disbursements, the Directors beg to refer the Shareholders to the appended Statements.

The Directors have the satisfaction of adding that no bad debts have been incurred during the six months just ended.

Adverting to the negotiations with Government which were incomplete at the date of last Report, the Directors have the pleasure of informing the Shareholders that they have been finally closed, and the terms embodied in a Deed of Agreement which has been duly ratified. On the adjustment of some preliminary details connected with the transfer of the General Treasury, the provisions of the Agreement will be put into practical operation.

The Directors will issue a special Report explanatory of the Deed of Agreement soon after the New Charter shall have passed the Legislative Council.

Meanwhile, the Directors have the pleasure of acquainting the Shareholders, that the Branch which was opened on the 2nd December at Rangoon progresses very satisfactorily. Arrangements otherwise are in such a state of forwardness as to admit of the Directors opening Branches simultaneously in the Cities of Mirzapore, Benares, Patna, and Dacca. The several Treasuries in those Cities as well as that at Rangoon will be handed over to the Bank on or before 1st March next under separate Deeds of Agreement with Government adapted to the requirements of each City, and so framed as to meet the convenience of Government.

is expedient to cancel that part of the 27th Clause of the Pension Regulations in Our Royal Warrant of the 1st July 1848, which prescribes the conditions under which a discharged Limited Service Soldier shall be permitted, on re-enlistment, to reckon his former service: Our will and pleasure is that, instead of the before-mentioned conditions which are hereby cancelled, any Soldier who has been, or shall hereafter be, enlisted for Limited Service, and has been or shall hereafter be discharged before or after the expiration of the first period of service, and shall be permitted to re-engage or again enlist within twelve months from the date of his discharge, shall be allowed, under Clauses 4 and 5 of the regulations and restrictions hereunto annexed, or such others as shall from time to time be established by Our Secretary of State for War, and the General Commanding-in-Chief of Our Army, to reckon half the period of his former service toward his future claim to Pension.

Given at our Court at St. James', this thirtieth day of October 1861, in the twenty-fifth year of Our reign.

By Her Majesty's Command,
G. C. LEWIS.

visions of the Limited Enlistment Act, and at the same time to hold out every encouragement to time-expired Soldiers of good character to continue in the Service, it is hereby notified that, in addition to the privilege of being permitted, on re-engagement, to count the

full period of their first term of service towards increase of Good-Conduct Pay, and to Pension on discharge, and of receiving a fresh Bounty, as well as the regulated allowance in lieu of a free Kit, and twenty days' Pay of their rank, men who re-engage at the Head-Quarters of their Regiment for a second term of service, will be granted a Furlough, if serving at Home, for a period of two months, commencing from the date of re-engagement; and, if serving at either of the Stations named in the margin, will be provided with a free passage to this Country at a convenient opportunity, at the discretion of the Commanding Officer, and a Furlough for two months, commencing from the date of their arrival in the United Kingdom. They will also be provided with a free passage back to their Regiments, unless directed to join the Depôts thereof at the termination of their Furloughs.

the Commanding Officer, and a Furlough for two months, commencing from the date of their arrival in the United Kingdom. They will also be provided with a free passage back to their Regiments, unless directed to join the Depôts thereof at the termination of their Furloughs.

2. Soldiers, who at the time of their re-engagement may be serving in India, China, Ceylon, the Mauritius, Australia, or New Zealand, will be allowed £5, and those serving in Canada, at the Cape of Good Hope, at St. Helena, and in the West Indies £3, in addition to the usual Bounty, as an equivalent for the Furlough granted to re-engaged men serving at our Foreign Stations and at Home.

3. The Secretary of State also deems it expedient to point out that, although the re-enlistment of Limited Service Soldiers at any period within two years from date of discharge has been specially permitted under Clause 27 of the Pension Regulations in the Royal Warrant of the 1st July 1848, the Limited Enlistment Act does not contemplate such a proceeding; it is, therefore, to be understood that the system which has hitherto prevailed will be discontinued, and in lieu thereof the following will be adopted, viz:—

4. Soldiers who have been, or may hereafter be, discharged after the completion of the first term of Limited Service will, if of good character and in possession at the time of their discharge of a Good-Conduct Badge or Badges, be permitted as an indulgence to re-engage within twelve months from the date of their discharge, provided those who had previously served in the Infantry are not above thirty-two years of age, and those in the Cavalry, Artillery, and Engineers not above thirty-four years of age at the time of their re-engagement; but men re-engaging under this arrangement will only be allowed to count half the period of their former service towards claims to Pensions; they will, however, be allowed to reckon the whole of their previous service towards *Good-Conduct Pay, but will be required to serve for one year with uninterrupted good conduct from date of re-engagement before they can be permitted to resume their previous Good-Conduct Badges, when they will be entitled to receive Good-Conduct Pay from the date of their re-engagement.

5. Soldiers of good character who have been discharged, or may hereafter be discharged, during the first term of Limited Service, and who may again enlist within twelve months from the date of discharge, will be allowed the benefit of the preceding provision for reckoning former service, and resuming former Good-Conduct Pay.

No. 36 of 1862.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 467, dated 3rd December 1861, are published for general information :—

8. "As regards the succession to Colonel's Allowance, I entirely agree with you that it is most desirable to make some definite announcement to the Officers of the Army.

9. In my Despatch No. 27 of 18th January 1861, paragraph 39, I stated that the number of Staff Corps Officers in receipt of Colonel's Allowance "can only be filled up as the establishment of Colonels on the old footing diminishes, so that the aggregate number of Officers receiving Colonel's Allowance at one time shall never exceed the regulated number of Colonel's Allowance for each Presidency."

10. It has been since provided, in connexion with the retiring scheme detailed in my Despatch No. 320 of 10th August last, that the names of Lieutenant-Colonels accepting that scheme shall remain in italics on the general list of "Field Officers regimentally," to regulate the succession to Colonel's Allowance of those who do not accept the increased pension, so that one Colonel's Allowance will eventually be struck off for each retired Lieutenant-Colonel who would have attained it had he remained on the Effective List, the number of Colonels in the receipt of that allowance being, however, never brought below the proportion they now bear to the number of Officers remaining on the entire list, general and regimental.

11. It may safely be calculated that, under the operation of this measure, there will be a reserve of Colonel's Allowances in the Cavalry and Infantry Arms of each Presidency, available for the Senior Officers of the Staff Corps, and probably to a much greater extent than will be required for that purpose.

12. Her Majesty's Government have therefore decided that Colonel's Allowances shall at once be assigned to the several Staff Corps in the proportion of one Colonel's Allowance to every thirty Officers who have actually joined the Staff Corps.

13. To these allowances, Officers who have attained the rank of Colonel in the Army, and have served not less than twelve years in the substantive rank of Lieutenant-Colonel, will succeed according to seniority as Lieutenant-Colonels, until the proposed establishment is completed to the relative strength of one in thirty Officers of all ranks.

14. The necessity for a qualifying term of service will then cease, and Officers will succeed by seniority as vacancies occur.

15. Her Majesty's Government have further resolved that, upon succession to Colonel's Allowance, Officers of the Staff Corps shall vacate the appointment they then hold, being, however, eligible for re-appointment or employment in any other position at the discretion of their respective

Governments, and with the sanction of Her Majesty's Secretary of State for India in Council.

16. Officers holding appointments, the tenure of which is limited to five years, will not be required to vacate, on attaining to the Colonel's Allowance, before the expiration of that period.

18. The fourth subject is the position and pay of a Captain in the Staff Corps, being a Major-General in the Army.

19. The expressions in the Staff Corps Warrant may not be sufficiently definite, and I have, therefore, to explain to you that, in order to entitle an Officer of the rank of Major-General to the unemployed pay specified in the Warrant for that rank, he must have actually served not less than six years in the substantive rank of Field Officers, the above six years being inclusive of any time he shall have been obliged to pass upon half-pay in consequence of ill-health contracted in the service (as established by a Board of Medical Officers), or in consequence of wounds received in action.

20. Other Officers (of the Staff Corps) holding substantive rank in that Corps as Lieutenant-Colonel (whether he have the Brevet-rank of Colonel or not), Major, Captain, or Lieutenant, will draw only the pay of their respective ranks.

21. The last subject mentioned in your Despatch has reference to the request of certain Officers to be allowed the 50lb. extra pension, in anticipation of retirement in completing the required term of service.

22. Among the questions and replies lately published by you (No. 70), inquiry was made with reference to Officers who might still have a few months to serve, but without reference to such service being required in India or allowable in Europe. You decided in the negative, and your reply has had my approval. You now recommend that it be allowed in the case of Officers who are so situated as to be in a position to complete their time in England.

23. I cannot observe that this one class of Officers have more claim to a relaxation of the rule in their favor than the other. Under the regulation of the service, Officers are required to serve a given number of years for a given pension, such period of service being inclusive of a stated amount of leave. It has suited the convenience of one Officer to take that leave, and he may have two years more to serve in India.

24. Another has chosen not yet to take his leave; he may have two years more to serve in England, if he pleases. As far as the interest of Government are concerned, it may be more expedient to relax the rule in question in favor of the latter; but in point of equity, I do not consider that he has more claim to the indulgence than the former.

25. I must, therefore, reluctantly decline to accede to your recommendation, that the rule should be relaxed in the manner and to the extent proposed."

Notification.

WHEREAS it has come to the knowledge of the Government that the fees now prescribed by Section 59 and Schedule B. of Act XI of 1859 for the registration of Talooks, Under-tenures, and Farms, under Sections 40, 43, and 44 of that Act, are so high as to deter the proprietors of small tenures from registering them, it is hereby notified that the rate will be reduced. Hitherto the fee for registering all under-tenures and farms of which the jumma does not exceed Rupees 500 has been Rupees 25, but from this date persons applying for registry of such tenures and farms will only have to pay a fee calculated at 5 per cent on the jumma of the under-tenure or farm.

2. By paying this fee, Talookdars and Farmers can have their under-tenures and farms registered so as to secure them in case of the Estate being sold for arrears of revenue; those who wish for registry should make applications to the Collector under Sections 40, 41, and 44 of the Act.

3. The same Act, Sections 10 and 11, gives to the Joint Shareholders in an Estate an opportunity of having a separate account opened by the Collector for the Sudder Jumma of their Estates. Any person for whose share such a separate account has been opened will no longer be in danger of having his share sold by auction in consequence of the default of any of his co-partner, unless the sale proceeds of the share in arrears be insufficient to cover the amount of the balance due to Government.

No. 240.

Fort William, the 14th January 1862.

Notification.—Messrs. Frederick Wyer and John Boxwell, appointed by the Secretary of State for India Members of Her Majesty's Civil Service on the Bengal Establishment, reported their arrival at the Presidency on the 31st ultimo.

No. 241.

REVENUE.

Notification.—The following orders passed by the Right Hon'ble the Secretary of State in Council on the subject of the possession of landed property in India by public servants are published for general information:—

1. *Extract from the Secretary of State's Despatch, No. 22, dated the 10th August 1861.*

1.—I HAVE had under my consideration in Council your Excellency's letters dated the 25th, 26th, and 31st October 1860, (Nos. 37, 38, and 39), and 8th March (No. 5) 1861, on the subject of the possession of landed property in India by the public servants of the State.

* * * * *

4.—I have carefully considered in Council the entire subject, and I am now prepared on the part of Her Majesty's Government to lay down the following Rules for your future guidance. I should premise that these Rules refer only to the acquisition or possession of lands intended to be applied to agricultural purposes, and are not to be construed to include lands occupied merely by buildings for residence and their usual appurtenances.

5.—Officers of the Covenanted Civil Service are at liberty to acquire and possess lands anywhere out of the Presidency to which they are attached, but are absolutely precluded from holding lands within their own Presidency. Thus, an Officer of the Bengal Civil Service may hold lands in Madras or Bombay, but cannot be permitted to hold lands in any part of the Bengal Presidency, notwithstanding that, at the time of their acquisition, he may himself be actually employed in a different Lieutenant-Governorship from that in which the lands may happen to be situated.

6.—Regimental Military Officers may hold lands in any part of India, with the distinct understanding, however, that a Military Officer possessing land will be disqualified for temporary employment in any Civil capacity in the District within which his land is situated; but Military Officers who are placed in permanent employment in the Civil administration must, like the Officers of the Covenanted Service, be prevented from holding land in the Presidency to any part of which they may be sent.

7.—No restrictions are to be placed on the possession or acquisition of lands by Uncovenanted Officers of any description, whether of European, Indo-British, or Native descent, beyond those now in force.

8.—Officers of all classes (including candidates for office) must, however, be required to make a declaration of the fact of their being in possession of, or of their having acquired landed property, stating the District within which it is situated, with such other particulars as you may consider necessary, of which registers should be kept at the seat of Government of each Presidency or Lieutenant-Governorship. Although Uncovenanted Officers are not to be precluded from holding land, it may, nevertheless, be inexpedient that appointments which necessarily confer a considerable amount of power and influence on their occupants, such as those of Sudder Ameen, Deputy Collector, and Tehsildar, should be filled by persons holding landed property within their jurisdiction; and it is right that the several

Governments should always have at hand the information necessary to guide their judgment in selecting individuals for such offices.

9.—It will, moreover, be incumbent on the several Local Governments to take care that no Officer who may be in possession of landed property in India or elsewhere, to whatever class of the Service he may belong, shall apply any portion of the time and attention which ought to be devoted to his public duties, whether Civil or Military, to the management of that property, and that longer or more frequent leaves of absence are not to be permitted on that account.

* * * * *

2. *Secretary of State's Despatch, No. 29, dated 30th November 1861.*

WITH reference to the letter from your Excellency in Council, dated the 1st October last, (No. 16), which has been considered by me in Council, I have resolved to accede to your recommendation for a modification of the terms of my Despatch of the 10th August last, (No. 22), so far as to permit Officers of the Bengal Civil Service, attached to the Lower Provinces, to acquire and hold land in Upper Provinces, including the Punjab and Oude. Similarly, Officers attached to the Upper Provinces may be permitted to acquire and hold lands in the Lower Provinces of Bengal. It will of course be understood that such Officers possessing lands in either Division are absolutely precluded from employment under the Local Governments of the Division in which their lands are situated.

No. 16.

Notification.

It is hereby notified to the Public, that Government is desirous of seeing the ordinary works of the Department carried out by Contract, and that Superintending Engineers have been requested to take steps for having the Contract system fairly established, by calling for Tenders for the execution, at Schedule rates, of works at and in a small circle round the principal Stations of the Districts, where it is probable, that with fair encouragement, Contractors for Public Works would settle themselves as residents.

The Contracts would be at Schedule rates for all ordinary works required, and would run for a fixed term, so that builders, who have a small capital and a practical knowledge of work, shall be able, as residents of the Sudder Stations, to take up all ordinary works at the Stations, and a certain class of works in the Districts.

Parties who may be desirous of becoming Contractors at Stations should address the Superintending Engineer of the Circle.

Colonel E. L. Onmanney, Superintending Engineer, Presidency Circle	Calcutta, No. 1, Canac Street.

GENERAL DEPARTMENT.

No. 36.

Allahabad, the 9th January 1862.

THE following Rules, for the guidance of Honorary Magistrates, are published for general information:—

RULES.

1. Honorary Magistrates appointed in the North-Western Provinces will possess no control over the Police, and will have no authority to issue orders to them, except in respect of cases actually pending before them, as *e. g.* calling witnesses, summoning or arresting defendants, and the like.

2. Accordingly Honorary Magistrates are not competent to entertain complaints, or charges preferred on the report of a Police Officer, (Section 273, Act XXV. of 1861.)

3. All charges of the commission of any of the offences specified in the Schedule annexed to Act XIII. of 1861, *viz.*—

Murder,	Wounding,
Thuggee,	Burglary,
Dacoitee,	Theft,
Highway Robbery,	Receiving Stolen Property,
Culpable Homicide,	&c, &c., &c.,

being made by that Act cognizable by the Police without special order or warrant, Honorary Magistrates will not entertain complaints of these offences, but refer any parties preferring such to the Officers of Police.

4. Complaints of all other offences which such Honorary Magistrates are, by any Law for the time being in force, competent to try (for a detail of these see Schedule annexed to Act XXV. of 1861), may be entertained directly by Honorary Magistrates, who will thereupon proceed to investigate and decide the cases thence arising, and shall be guided as to their procedure by the Rules prescribed for the guidance of the Magistrate of the District in similar cases, as set forth in Chapters XIV. and XV. of the Criminal Procedure Code, and shall, in the disposal of such cases, exercise the powers defined in Section 22 of the Criminal Procedure Act, (Sections 273 and 275, Act XXV. of 1861.)

5. But the entertainment of such complaints is limited to cases alleged to have occurred within such local limits, as may be assigned, by orders of Government, as the local jurisdiction of such Honorary Magistrates, and shall not extend to cases alleged to have occurred beyond the limits of such jurisdiction, (Section 273, Act XXV. of 1861.)

6. The Magistrate of a District, or a Magistrate in charge of a Division of a District, is empowered to refer criminal cases brought before him, either on complaint preferred directly to such Magistrate, or on the report of a Police Officer, to any Honorary Magistrate subordinate to him, either for enquiry, or for trial, if the case be within the competence of the Honorary Magistrate to decide. Honorary Magistrates will, accordingly, receive and place such referred cases upon their files; and either return them to the referring Magistrate, after completing the enquiry for his decision, or pass orders themselves on trial,

if within their competence, according to the instructions furnished to them in each case, (Section 273.)

7. Honorary Magistrates empowered by the Local Government, under Section 38 of the Criminal Procedure Act, to hold preliminary inquiry into cases triable by the Court of Sessions, or by any Supreme Court of Judicature, and to commit or hold to bail persons to take their trial before such Court of Sessions, or Supreme Court, may, in addition to the power set forth in the preceding Rule, and where authorized to do so by the referring order of the Magistrate of the District, or of a Division, dispose of referred cases in the manner abovementioned, *viz.*, by committing, or holding to bail, the accused person to take his trial before the Court of Sessions or Supreme Court, (Sections 38 and 273, Act XXV. of 1861.)

8. If in the course of a trial before a subordinate Magistrate the evidence shall appear to him to warrant a presumption that the accused person has been guilty of an offence which such Magistrate is not competent to try, or for which he is not competent to commit the accused person for trial before the Court of Session, he shall stay proceedings, and shall submit the case to the Magistrate to whom he is subordinate, (Section 276.)

9. If, in any case tried by a subordinate Magistrate, having jurisdiction in which the accused person is found guilty, such Magistrate shall consider the offence established against the accused person to call for a more severe punishment than he is competent to adjudge, he shall record the finding, and submit his proceedings to the Magistrate to whom he is subordinate; and such Magistrate shall pass such sentence or order in the case as he may deem proper, and as shall be according to Law, (Section 277.)

10. Nothing in the last Rule shall be held to prevent the Honorary Magistrate, in any such case therein described, if such Magistrate is empowered (under Section 38 of the Criminal Procedure Code) to hold the preliminary enquiry into cases triable by the Court of Sessions, and to commit persons to take their trial before such Court, from committing the accused person for trial before the Court of Sessions instead of finding him guilty. If the Honorary Magistrate shall be of opinion that the accused person should be committed for trial before the Court of Sessions, he shall proceed, in accordance with Chapter XII. of the Criminal Procedure Code, for conducting enquiry in cases triable by the Court of Sessions, (Section 278.)

11. It is competent to the Magistrate of the District, or to a Magistrate in charge of a Division of a District, to withdraw any criminal case from any Court subordinate to such Magistrate within his District or Division, and to try the case himself, or to refer it for trial to any other such Court competent to try the same, (Section 36.)

12. Honorary Magistrates appointed to be subordinate Magistrates under Section 22, Act XXV. of 1861, are authorized to exercise the following powers in cases within their competence to decide, *viz.*—*Subordinate Magistrates of the First Class.*—Imprisonment, either rigorous, that is, with hard labor or simple (Section 53, Indian Penal Code), not exceeding six months, or fine not exceeding two hundred Rupees, or both imprisonment and fine, in all cases in which both

punishments are authorized by the Indian Penal Code, (Section 22.)

13. *Subordinate Magistrates of the Second Class.*—Imprisonment, either rigorous or simple, not exceeding one month, or fine not exceeding fifty Rupees, or both imprisonment and fine, in all cases in which both punishments are authorized by the Indian Penal Code, (Section 22.)

14. Whenever a complaint is made before an Honorary Magistrate having jurisdiction in the case, that any person has committed, or is suspected to have committed any offence triable by the Court of Sessions, or of any offence which is triable by such Magistrate and punishable under the Indian Penal Code with imprisonment for a term exceeding six months, it shall be lawful for such Magistrate to issue his warrant to apprehend such person, provided that in any such case the Magistrate to whom such complaint shall be made may, for sufficient reason, instead of issuing his warrant in the first instance, issue his summons requiring the person complained against to appear to answer such complaint, (Sections 179 and 248.)

15. In all cases described in the foregoing Rule, Honorary Magistrates will be guided in all matters relating to the issuing of process for causing the attendance of the accused person, the taking of bail, the summoning and enforcing the attendance of witnesses, the mode of recording evidence, correction, attestation, and interpretation thereof, and the adjournment of a case by the provisions of Chapter XII. of the Criminal Procedure Code. On completing the examination of a witness in cases of the above description which are triable by the Honorary Magistrate in addition to the memorandum required by Chapter XII., shall record such remarks as he may think material respecting the demeanor of any witness while under examination, (Section 219.)

16. In preparing the charge against the accused person, in calling for his defence, in summoning and examining evidence on behalf of the accused person, and in recording judgment, Honorary Magistrates shall be guided by the provisions of Sections 250 to 256 (Chapter XIV.) of the Criminal Procedure Code.

17. Whenever a complaint is made before an Honorary Magistrate having jurisdiction in the case, that a person has committed, or is suspected to have committed any offence triable by such Magistrate and punishable under the Indian Penal Code with imprisonment for a period not exceeding six months, it shall be lawful for such Honorary Magistrate to issue his summons directed to such person, stating shortly the matter of such complaint, and requiring him to appear at a certain time and place before such Magistrate to answer to the complaint, provided; that if the Magistrate has reason to believe that the accused person is about to abscond he may instead of issuing a summons issue his warrant in the first instance for the arrest of such accused person.

18. The Rules for the admission of the accused person to bail when brought before the Honorary Magistrate, or allowing him to be at large upon his personal recognizance at the Magistrate's discretion, and for his committal to custody if he cannot give bail when required to do so, and for the issue of a warrant to apprehend the accused person if he fails to appear before the Magistrate

at the time mentioned in the summons, the rule whereby a Magistrate may dispense with the personal attendance of the person complained against and permit him to appear by agent, the Rules for summoning and compelling the attendance of witnesses, the mode of procedure on trial towards the accused party, the manner of recording evidence, and the Rule for adjournment contained in Sections 258 to 269 of the Criminal Procedure Code, are made applicable to Honorary Magistrates in disposing of all cases punishable under the Indian Penal Code with imprisonment for a period not exceeding six months.

19. When any person is required by any Criminal Court to give bail, it shall be lawful to such Court to permit such person to deposit a sum of money, or Government Promissory Notes to such amount, as such Court may fix in lieu of such bail, (Section 437.)

20. Every sentence or final order of a Criminal Court, together with the reason for making or passing the same, shall be written in the Vernacular language of the presiding Officer, and shall be dated and signed by such Officer at the time of his making or passing the same, and the original shall be filed with the record or proceedings; and a translation thereof, when the original is recorded in a different language from that in ordinary use in proceedings before such Officer, shall be incorporated in the record of the sentence or order, (Section 429.)

21. If the Vernacular language of the presiding Officer be not English, and the Officer be sufficiently conversant with the English language to be able to write the sentence or final order in a clear and intelligible manner in that language, and prefer to write the same in that language, the sentence or final order may be written in English, (Section 430.)

22. Complainants and witnesses shall be examined upon affirmation as provided by Act V. of 1840, the form of which is the following:—

"I solemnly affirm in the presence of Almighty God that what I shall state shall be the truth, the whole truth, and nothing but the truth," (Section 43, Code Criminal Procedure.)

23. No oath or affirmation shall be administered to the accused person.

24. In cases in which, by the sentence of the Honorary Magistrate, a fine is imposed upon a conviction for any offence made punishable by fine, whether the offence be punishable by fine only or otherwise, the Honorary Magistrate may order that the fine, or any part thereof not exceeding the loss of the injured party, as well as any special damage of a pecuniary nature that may have resulted to such person by such offence, and any expenses incurred by the complainant in the prosecution, as the Honorary Magistrate may think proper, be paid to the injured party. But the amount so awarded shall not be paid to the injured party until a period of two months shall have elapsed from the date of such award, (Section 44, Code Criminal Procedure.)

25. Every person charged before any Criminal Court with an offence may of right be defended by Counsel or authorized Agent, (Section 432.)

26. When any person under the age of sixteen years shall be sentenced by any Honorary

Magistrate to imprisonment for any offence, it shall be lawful for such Magistrate to direct that such offender, instead of being imprisoned in the Criminal Jail, shall be confined in any Reformatory, which may be recognized by the Local Government as a fit place for confinement in which there may be means of suitable discipline and training in some branch of useful industry, and which shall be kept by a person willing to obey such Rules as the Government shall direct with regard to the discipline and training of persons confined there, (Section 433.)

27. Any person convicted on a trial held by an Officer exercising power less than those of a Magistrate, may appeal to the Magistrate of the District, or other Officer exercising the power of a Magistrate, who shall have been empowered by Government to hear such appeals, (Section 412.)

28. Petitions of appeal must be presented within thirty days immediately following, and exclusive of the day on which the sentence or order appealed against is passed (Section 415), and every petition of appeal shall be accompanied by a copy of the sentence or order appealed against, (Section 416.)

29. It is at all times lawful for a Magistrate to call for and examine the record of any Court immediately subordinate to him for the purpose of satisfying himself of the legality of any sentence or order passed, and as to the regularity of the proceedings of such subordinate Court. If the Magistrate shall be of opinion that the sentence or order is contrary to Law, he shall refer the proceedings for the orders of the Sudder Court, (Section 434.)

By Order of the Hon'ble the Lieutenant-Governor, North-Western Provinces,

GEORGE COUPER,
Secy. to Govt., N. W. P.
